- The student has a Dutch nationality and has a parent or legal guardian (with whom the student will be living) who will be stationed abroad within two years and for at least two years. This is to be proven by a written statement of intent by parent or employer.

Although we believe that ISL is the right school for both you and your child this may unfortunately not always be the case, by having a settling in period of no less than 4 weeks, it gives us the opportunity for assessment. Should ISL feel that our school is not able to meet your child's needs, we reserve the right to recommend a different learning environment that we believe better meets your child's needs be it academically, socially or emotionally.

Documents:

Any documents requested, must be provided in English. Failure to disclose any information which is related to a child's existing learning or behavioural difficulties may result in a position at ISL retracted.

- Any documents and/or reports from your previous school, in English.

Additional support

During the assessment period it will be discussed if ISL feels your child requires any form of intensive English (usually for non-English speaking students) or any other educational assistance. If this is deemed necessary, the school assistant will be paid for by the parent/guardian.

Confidential information

ISL has a large social media platform and we like to share a lot of things our students are doing, as well as upcoming events or activities we have through our website. During the application process you will receive a form to confirm if you agree with publication of said photos. Should you wish to decline, ISL will comply. Should you wish to amend these permissions, this can be done at any time in writing.
